SECRET ENCLOSUREUNCLASSIFIED UPON REMOVAL OF ENCLOSURE

Office of the Director

February 22, 1982

Dear Bill:

I recently sent you a copy of a report to President Reagan on the various initiatives of our Project Truth effort. You will see from the enclosed copy of the report that a major focus of our efforts has been to draw attention to the subversive activities of Soviet proxies, particularly in Central America and the Caribbean.

One highly effective program on this topic was the European tour of a USG briefing team which made use of [redacted] and other classified visual documentation of Cuban involvement in the military buildup in this area.

The Project Truth Executive Committee seeks your concurrence to broaden the use of these specialized briefings for select audiences - including opposition political leaders, journalists and academicians - to whom we could profitably make our case the world over. Highly classified materials supporting our case would be used, as before, on a "not to be left behind" basis. The enclosed internal memo from the Department of State details the process for your further information.

With your approval we propose to proceed to identify key audiences and schedule these briefings making use of the most persuasive evidence at our disposal.

Sincerely,

Gilbert A. Robinson  
Acting Director
